ALERT – SAFETY PRECAUTIONS FOR RESIDENTS

Dear Residents,

A recent tragic incident reported in The Times of India has shaken many of us—a minor boy lost his life while playing after a flower-pot fell on his head from the balcony of a flat in Maharashtra. This heartbreaking event serves as a wake-up call for all residents living in multi-storied buildings.

Though flower pots may enhance the beauty of our homes, placing them on balcony railings or ledges poses a serious risk to life and safety. In our own society, several flower pots have previously fallen to the ground—fortunately, without causing injury. But we cannot rely on luck to prevent future accidents.

This is to inform that weather department has suggested monsoon to start early this year with storm and heavy rainfall warning with high speed winds.

Recommended Precautions suggested:-

1. Secure balconies and windows – please ensure all loose items plants, furniture etc are removed or secured with immediate effect.
2. Clear Walkways and fire shafts, lift alleys and corridors – all hanging and railing-mounted flower pots, as well as those obstructing common walkways should be removed.
